

DJ/MC SHOW INFORMATION

Thanks for your interest in a show on KRISISDnB.com, established in 2007 we have been growing and expanding to be recognised as one of the leading online radio stations for Drum and Bass, Dubstep, Breaks and more.

Our goal is to give artists which may otherwise go unnoticed the chance of worldwide exposure on a weekly basis, provide promotion, events, and much more. Interested?

:: Schedule & Slot Times ::

Our schedule is broken down into weekly 1 hour or 1 and half hour slots (Monday - Friday) and 2 hour slots (Saturday and Sunday).

We advise artists to check the schedule first (www.krisisdnb.com/schedule) to make sure there is a time available that you are able to commit to on a weekly basis.

:: Demo ::

Once you have a slot time in mind prepare and send a minimum 30 minute demo, if possible include any regular MCs you hope to have. The demo should be in stereo mp3 format and a link emailed to admin@krisisdnb.com or using the contact form on the website (www.krisisdnb.com/contact) make sure you remember to include the slot time you wish to apply for.

:: Monthly Streaming Charge ::

We charge a monthly fee for each slot on KRISISDnB to help towards paying our streaming and server costs. We also use any extra money from time to time for advertisements which in turn each DJ benefits from.

The charge depends on the slot time and is:-

£5 GBP - Monday - Friday (6pm - 2am GMT) & Any time Saturday and Sunday

£2.50 GBP - Monday - Friday (2am - 6pm GMT)

This monthly payment is to be paid in advance for the coming 4 week period and once the first

payment is received the slot is allocated on the schedule. We prefer the payments by Paypal but we can also accept a direct bank transfer/standing order.

.: How it works .:

All our shows are hosted at a remote location of the artists choice, we host DJs from all around the world and all you need is a Internet enabled PC/laptop connected to your decks/mixer and a microphone.

We use the widely recognised radio platform Shoutcast. This can be downloaded for free for both PC and Mac.

.: What we offer in return .:

Aside from the exposure to an international audience on a weekly basis we also give each artist full support and promotion in every possible way. You will get invited to play at our events both in the UK and abroad, we will promote any events that you appear on including those outside of the station, we will promote your mixes and feature them on all our channels, we can give you a krisisdnb email and even help you with websites and hosting.

.: More information .:

For more detailed information about how things operate and what we expect from our artists please see our Rules & Guidelines for shows here (Coming soon)
